Naperville Duct Bank

Owner – City of Naperville

Location – Naperville, IL

Contract Value - \$1,300,000

Completion Date – June, 2009

- John Burns Construction Co. successfully completed a duct bank project for the City of Naperville in a congested subdivision.
- Trenched and placed 6" concrete encased conduit in the street adjacent to several homes and a large elementary school.
- Over 9,000 linear feet of duct bank and 15 manholes were placed in three month duration.
- The project was completed on time and under budget in a very highly congested community.
- Our customer service exceeded our customer's expectations on this project.
